The narrator and his brother become fascinated with fly fishing and the Big Blackfoot River

First published in 1976, A River Runs through It and Other Stories has become an American classic, touching readers with its recollections of family, flyfishing, and the author's youth in the Montana woods. By turns raunchy, caustic, and elegiac, these are superb tales that express, in Maclean's own words, "a little of the love I have for the earth as it goes by." A first offering from a 70-year-old writer, the basis of a top-grossing movie directed by Robert Redford, and the first original fiction published by the University of Chicago Press, A River Runs through It and Other Stories has sold more than a million copies. For this new edition, Robert Redford provides a foreword that recalls how he persuaded the reluctant Maclean to allow him to make a film of River.

The screenplay for the film is accompanied by the screenwriter's comments on the difficulty in adapting the story

“BEAUTIFUL. ... A lyrical companion to his father's classic, A River Runs through It, chronicling their family's history and bond with Montana's Blackfoot River. ... Spectacularly vivid.” —Washington Post A New York Times "New & Noteworthy" Selection A "poetic" and "captivating" (Publishers Weekly) memoir about the power of place to shape generations, Home Waters is John N. Maclean's remarkable memoir of his family's century-long love affair with Montana's majestic Blackfoot River, the setting for his father's classic novella, A River Runs through It. Maclean returns annually to the simple family cabin that his grandfather built by hand, still in search of the trout of a lifetime. When he hooks it at last, decades of longing promise to be fulfilled, inspiring John, reporter and author, to finally write the story he was born to tell. A book that will resonate with everyone who feels deeply rooted to a landscape, Home Waters is chronicle of a family who claimed a river, from one generation to the next, of how this family came of age in the 20th century and later as they scattered across the country, faced tragedy and success, yet were always drawn back to the waters that bound them together. Here are the true stories behind the beloved characters fictionalized in A River Runs through It, including the Reverend Maclean, the patriarch who introduced the family to fishing; Norman, who balanced a life divided between literature and the tug of the rugged West; and tragic yet luminous Paul (played by Brad Pitt in Robert Redford's film adaptation), whose mysterious death has haunted the family and led John to investigate his uncle's murder and reveal new details in these pages. A universal story about nature, family, and the art of fly fishing, Maclean's memoir beautifully portrays the inextricable ways our personal histories are linked to the places we come from—our home waters. Featuring twelve wood engravings by Wesley W. Bates and a map of the Blackfoot River region.

In his eighty-seven years, Norman Maclean played many parts: fisherman, logger, firefighter, scholar, teacher. But it was a role he took up late in life, that of writer, that won him enduring fame and critical acclaim—as well as the devotion of readers worldwide. Though the 1976 collection A River Runs Through It and Other Stories was the only book Maclean published in his lifetime, it was an unexpected success, and the moving family tragedy of the title novella—based largely on Maclean's memories of his childhood home in Montana—has proved to be one of the most enduring American stories ever written. The Norman Maclean Reader is a wonderful addition to Maclean's celebrated oeuvre. Bringing together previously unpublished materials with incidental writings and selections from his more famous works, the Reader will serve as the perfect introduction for readers new to Maclean, while offering longtime fans new insight into his life and career. In this evocative collection, Maclean as both a writer and a man becomes evident. Perceptive, intimate essays deal with his career as a teacher and a literary scholar, as well as the wealth of family stories for which Maclean is famous. Complete with a generous selection of letters, as well as excerpts from a 1986 interview, The Norman Maclean Reader provides a fully fleshed-out portrait of this much admired author, showing us a writer fully aware of the nuances of his craft, and a man as at home in the academic environment of the University of Chicago as in the quiet mountains of his beloved Montana. Various and moving, the works collected in The Norman Maclean Reader serve as both a summation and a celebration, giving readers a chance once again to hear one of American literature's most distinctive voices.

Just as Norman Maclean writes at the end of "A River Runs through It" that he is "haunted by waters," so have readers been haunted by his novella. A retired English professor who began writing fiction at the age of 70, Maclean produced what is now recognized as one of the classic American stories of the twentieth century. Originally published in 1976, A River Runs through It and Other Stories now celebrates its twenty-fifth anniversary, marked by this new edition that includes a foreword by Annie Proulx. Maclean grew up in the western Rocky Mountains in the first decades of the twentieth century. As a young man he worked many summers in logging camps and for the United States Forest Service. The two novellas and short story in this collection are based on his own experiences—the experiences of a young man who found that life was only a step from art in its structures and beauty. The beauty he found

was in reality, and so he leaves a careful record of what it was like to work in the woods when it was still a world of horse and hand and foot, without power saws, "cats," or four-wheel drives. Populated with drunks, loggers, card sharks, and whores, and set in the small towns and surrounding trout streams and mountains of western Montana, the stories concern themselves with the complexities of fly fishing, logging, fighting forest fires, playing cribbage, and being a husband, a son, and a father. By turns raunchy, poignant, caustic, and elegiac, these are superb tales which express, in Maclean's own words, "a little of the love I have for the earth as it goes by." A first offering from a 70-year-old writer, the basis of a top-grossing movie, and the first original fiction published by the University of Chicago Press, *A River Runs through It and Other Stories* has sold more than a million copies. As Proulx writes in her foreword to this new edition, "In 1990 Norman Maclean died in body, but for hundreds of thousands of readers he will live as long as fish swim and books are made."

A devastating and lyrical work of nonfiction, *Young Men and Fire* describes the events of August 5, 1949, when a crew of fifteen of the US Forest Service's elite airborne firefighters, the Smokejumpers, stepped into the sky above a remote forest fire in the Montana wilderness. Two hours after their jump, all but three of the men were dead or mortally burned. Haunted by these deaths for forty years, Norman Maclean puts together the scattered pieces of the Mann Gulch tragedy in *Young Men and Fire*, which won the National Book Critics Circle Award. Alongside Maclean's now-canonical *A River Runs through It and Other Stories*, *Young Men and Fire* is recognized today as a classic of the American West. This twenty-fifth anniversary edition of Maclean's later triumph—the last book he would write—includes a powerful new foreword by Timothy Egan, author of *The Big Burn* and *The Worst Hard Time*. As moving and profound as when it was first published, *Young Men and Fire* honors the literary legacy of a man who gave voice to an essential corner of the American soul.

A collection of literary and historical writing and illustrations from the sixteenth to the twentieth century about America's great waterways ranges from Samuel Sewall's praise of the River Merrymak to Langston Hughes's "The Negro Speaks of Rivers." UP.

Witty, shrewd, and always a joy to read, John Gierach, "America's best fishing writer" (*Houston Chronicle*) and favorite streamside philosopher, has earned the following of "legions of readers who may not even fish but are drawn to his musings on community, culture, the natural world, and the seasons of life" (*Kirkus Reviews*). "After five decades, twenty books, and countless columns, [John Gierach] is still a master" (*Forbes*). Now, in his latest original collection, Gierach shows us why fly-fishing is the perfect antidote to everything that is wrong with the world. "Gierach's deceptively laconic prose masks an accomplished storyteller...His alert and slightly off-kilter observations place him in the general neighborhood of Mark Twain and James Thurber" (*Publishers Weekly*). In *Dumb Luck and the Kindness of Strangers*, Gierach looks back to the long-ago day when he bought his first resident fishing license in Colorado, where the fishing season never ends, and just knew he was in the right place. And he succinctly sums up part of the appeal of his sport when he writes that it is "an acquired taste that reintroduces the chaos of uncertainty back into our well-regulated lives." Lifelong fisherman though he is, Gierach can write with self-deprecating humor about his own fishing misadventures, confessing that despite all his experience, he is still capable of blowing a strike by a fish "in the usual amateur way." "Arguably the best fishing writer working" (*The Wall Street Journal*), Gierach offers witty, trenchant observations not just about fly-fishing itself but also about how one's love of fly-fishing shapes the world that we choose to make for ourselves.

Biography of experiences by an American living in Southeast Turkey and Northern Iraq during and after the first Gulf War.
