systems. The Learn CCTV blog is a participant in the Amazon Services LLC Associates Program, an affiliate advertising program designed to provide a means for sites to earn advertising fees by advertising and linking to Amazon.com.

CCTV basics (for beginners) - Learn CCTV.com
Most wired security camera systems include the necessary cabling. However, the length of cabling needed can impact what type of security system you install. For standard DVR systems, you'll need coaxial cables which can result in degraded image quality after about 300ft/90m. NVR systems require Ethernet cables such as cat5e and cat6.
