But the problem is more complex than just stereotypes. Here ' s sensible advice and caring encouragement on raising boys from the nation ' s most trusted parenting authority, Dr. James Dobson. With so much confusion about the role of men in our society, it ' s no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity and, as a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller Bringing Up Boys, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles.

Underneath these gang tattoos beats a heart three times a year. I'm a slow puncture death, a murderer, a rapist, and a number. I killed my best friend. Death doesn't stalk me, it walks ahead of me by twenty-eight paces. I went home after I sold my soul to the devils. I thought life would begin, I was a free man, instead within days the bullets fly and my last hope dies with the slain. There is nothing left to live for in this world. I belong to the 28s, I'll always belong to the 28s. The woman across the road judges me, she hates me, and takes every opportunity to let me know it. Yet, somehow, when grief etched our names down in the book of the dead, we dared be bold enough to find love. I'm not a good man, and I'm not pretty. I come from the Cape Flats where my life was reduced to a prison cell number. In all this ugliness I found beauty, innocence, and forgiveness. I can't forgive myself for the crimes I've committed, but I'll die trying to earn hers. In a world where nothing matters, she does.

An empowering and educational board book that proves colors are for everyone, regardless of gender. Pink is for boys . . . and girls . . . and everyone! This timely and beautiful board book rethinks and reframes the stereotypical blue/pink gender binary and empowers kids-and their grown-ups-to express themselves in every color of the rainbow. Featuring a diverse group of relatable characters, Pink Is for Boys invites and encourages children to enjoy what they love to do, whether it's racing cars and playing baseball, or loving unicorns and dressing up. Vibrant illustrations help children learn and identify the myriad colors that surround them every day, from the orange of a popsicle, to the green of a grassy field, all the way up to the wonder of a multicolored rainbow. Parents and kids will delight in Robb Pearlman's sweet, simple script, as well as its powerful message: life is not color-coded.

Life, liberty, and the pursuit of happiness are prescribed ideals in America of 2050. The Moral Authority, the nation's newest branch of government, has virtually eliminated crime, poverty, and most social ills, but it also rules the land with a tyrannical fist, championing ignorance and brandishing fear. Mark Bryan is a gay man whose existence brands him an outlaw; Isaac Montoya is a charming stranger, who entices Mark to defy moral law; and Samuel Pleasant runs the Moral Authority and plans to punish moral offenders and a rebellious uprising-no matter the cost. Will liberty and justice return for all?

One of the benefits of social media is getting to meet the parents of special needs children and adults. I have grown to know and truly admire these brave people. Our solitary journeys have taken many different roads, yet we've all connected on sites like Facebook, Twitter, and other forums. The support we give each other is a lifeline-an opportunity to not only share the joys our sons and daughters bring into our lives, but also the chance to rant about the frequent injustices we meet head on. I am honoured to have 'met' so many fantastic Warrior Mums from around the world, so honoured that I decided to feature some of their stories in a blog series, which I have now reproduced in this book. These mums will inspire you, just like they have me, these brave women who share their stories from childhood to motherhood and reveal far more than they normally would, in the hope their stories will help others.

A real pediatrician and the author of the bestselling Care & Keeping of You series provides tips, how-tos, and facts about boys' changing bodies that will help them take care of themselves. Full color.

When the only way to win is to hide who you are, how far are you prepared to go?Reuben "Angel" Jacobs is one step away from giving it all up. He has no choice but to go home and work for the family business, even though it means giving up his dreams and proving his old bullies right.Corey Dixon is a rocker at heart. Being on the spectrum means that making sense of other people's 'normal' is hard in itself, let alone in the chaos of a high-powered competition. Singing is his safe space, the only way he can think through the noise in his head. Messing up his audition for the live shows means his journey is over, and it's the worst day of his life.The judges throw them a lifeline and create a boy band from the near-miss hopefuls. Angel, Corey, and three others are put together in a room and offered the chance to sing as a group. Agreeing to become part of the new band means Corey has to hide who he is and what Angel has come to mean to him.Is winning worth the price Corey and Angel have to pay?
